

## **Lee County Launches Performance Audit and Financial Review**

Lee County has selected [Evergreen Solutions, LLC](#) to conduct a comprehensive Performance Audit of Lee County departments as well as a detailed Financial Review of Lee County Public Schools. Evergreen Solutions is a national public sector consulting firm which has completed many similar county and school district studies. The first part of the study, the performance audit, will focus on the organizational, operational, and financial efficiency and effectiveness of Lee County operations from a departmental standpoint. The second segment of the study, the financial review of school operations, aims at assisting Lee County Public Schools in continuing to succeed and improve in its primary mission, the education of all students. In the end, Evergreen will present findings and recommendations to key stakeholders on containing costs, improving management strategies, and improving the overall efficiency, effectiveness, and productivity of the county and the school district.

Evergreen consultants will be on site to conduct interviews, visit schools and departments, and collect data and information to assist them with the study. In addition, on-site visits will ensure stakeholders are able to voice their concerns and opinions. Evergreen also welcomes direct input through email. Comments should be sent to Tom Masters at [tomm@consultevergreen.com](mailto:tomm@consultevergreen.com).
